

edit

HOW TO EDIT PRESENTATIONS'S DATA (some guidelines for your users)

1. Don't edit anything in the left part!
2. Carefully edit data in the right part, filling stuff instead of `##tokens##`.
3. Follow the syntax. Use See new employee form for guidelines.
4. To remove this employee, remove all text here and save.

--- dataentry --- type : presentations titre : Présentation de Linux description : ##Description##
niveau : débutant
